 NHÀ XUẤT BẢN TRI THỨC

Introduction

You see people working every day. There are so many interesting and important jobs all around us!

Some people work inside big buildings, in hospitals, underwater, or outside in the fresh air. Every job is different and helps our world in a special way.

What do you want to be when you grow up?
What amazing jobs will we read about?

Now read and explore more about jobs!

Helping People

Doctors and nurses are very important people who work inside a busy hospital.

They use special tools like stethoscopes to listen to our hearts. They help all people, young and old, to feel better when they are sick or hurt.

doctors

sick

firefighter

Another important job is being a firefighter. Firefighters are very brave.

They drive big, red fire trucks to emergencies and use long hoses with water to put out dangerous fires and keep everyone safe.

Specialized fire tankers can hold up to 11,000 liters or more.

specialized

Making Things

hard hat

construction worker

Other people make things too, like construction workers.

They work outside to build the houses, schools, and tall buildings in our cities. They use big machines and strong tools, and they always wear hard hats to protect their heads and stay safe.

machines

Have you ever wondered how delicious food is made?

A chef is a person who creates amazing meals in a hot, busy kitchen. They use fresh ingredients and special recipes to make everything taste great.

kitchen

chef

Working with Animals

Many jobs involve helping animals.

A veterinarian, or vet, is a special doctor just for animals. They work in clinics and help pets like cats and dogs when they are sick or injured. Vets make sure our animal friends are healthy and happy.

vet

animals

Farmers also work with animals every day.

They live on big farms and raise cows for milk, chickens for eggs, and pigs for meat. They work very hard to provide food for us to eat.

farmer

chickens

A cow's stomach has four compartments, and it can produce about 10,000 liters of milk per year.

cow

Exploring the World

Some people have jobs that let them explore amazing places.

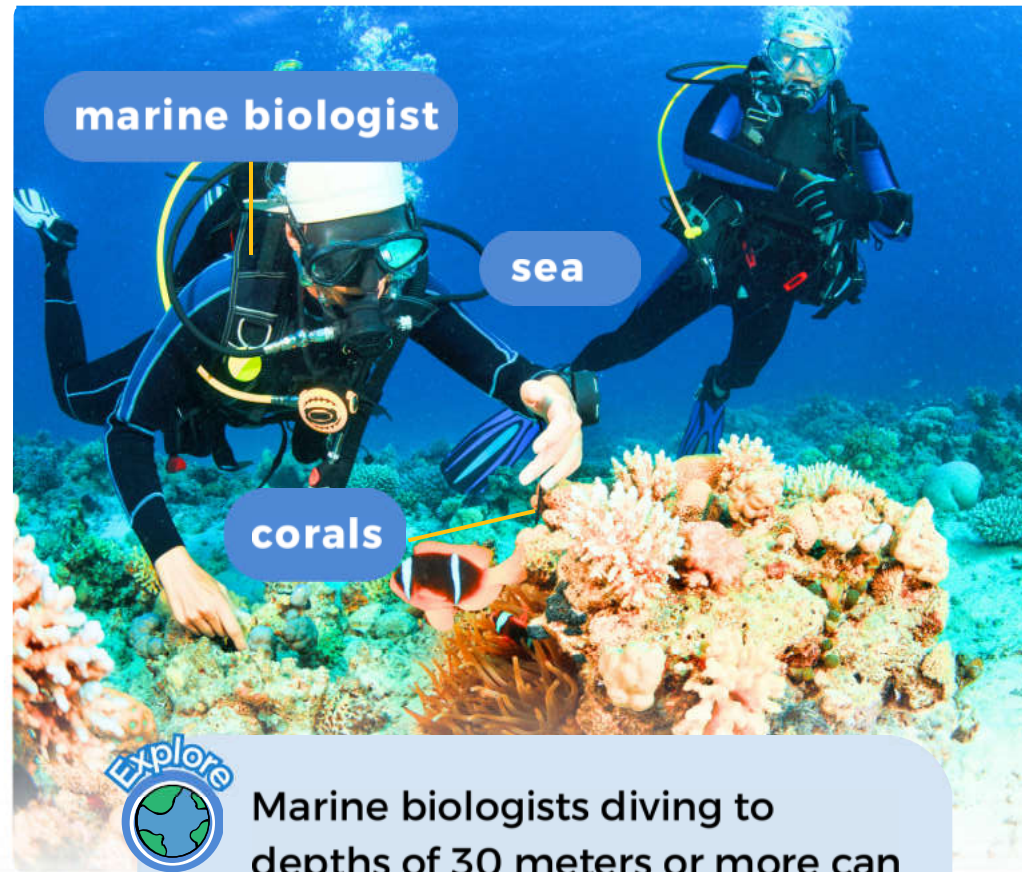

Astronauts are brave explorers who travel far away from Earth. They wear special suits and fly in a rocket to go into space. They can even walk on the Moon!

space

astronaut

Astronauts grow 2-5 cm taller in space due to spinal expansion from zero gravity.

marine biologist

sea

corals

Marine biologists diving to depths of 30 meters or more can suffer from nitrogen narcosis, feeling light-headed and dizzy.

Marine biologists explore a different world deep under the water.

They are scientists who dive into the ocean to study fish, corals, and other sea life. They help us learn about the secrets of the sea.

Creative Jobs

artist

Do you like to draw or listen to music?

sculpture

Some people have creative jobs where they use their imagination every day.

Artists are people who love to create art. They use paint, pencils, and clay to make beautiful pictures and sculptures for everyone to enjoy.

musician

Musicians create wonderful sounds. They can play instruments like the guitar or piano, or they can sing songs.

They write music that makes us feel happy, sad, or excited.

Keeping Us Safe

Many people work hard to keep us safe every day.

Police officers help people in our community and make sure everyone follows the rules.

They walk on the streets or drive police cars to help when there is trouble.

police officer

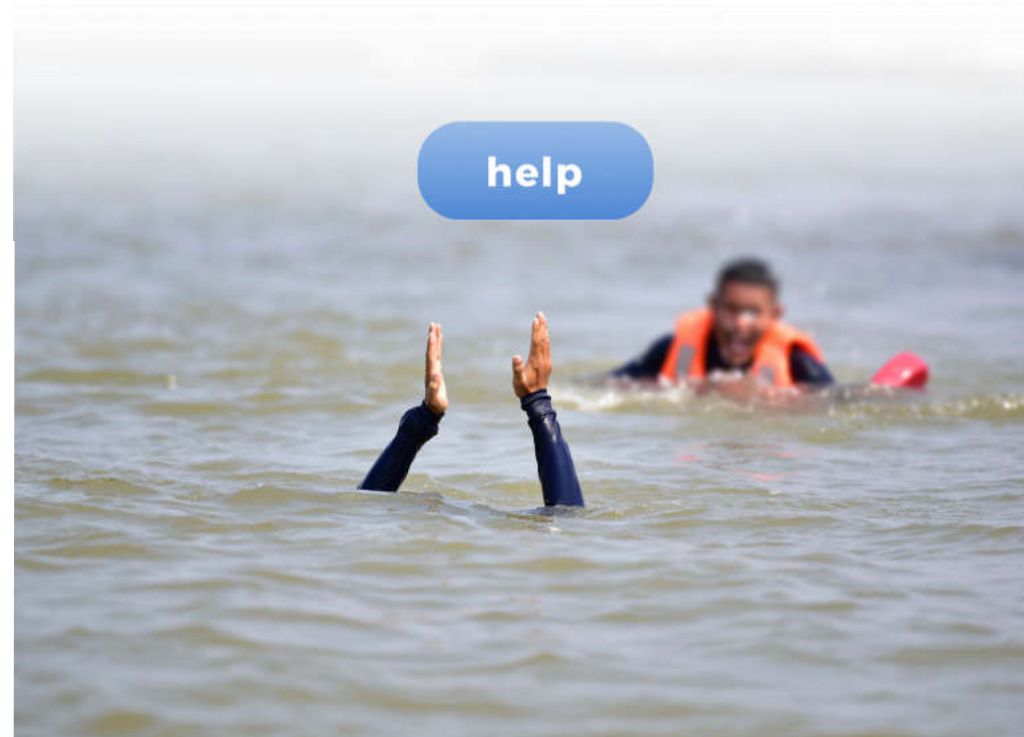

Lifeguards have an important job at beaches and swimming pools.

They watch the water very carefully to protect swimmers. If someone needs help, a lifeguard can rescue them quickly and make sure they are safe.

lifeguard

Teaching and Learning

Schools and libraries are important places for learning, and people work there to help us.

Teachers work with students in a classroom. They teach us how to read, write, and understand numbers. They help our brains grow bigger and stronger with new ideas.

A librarian works in a quiet library, with thousands of books.

They help us find interesting stories and books with information about anything we want to learn.

What Do You Want to Be?

There are thousands of different jobs in the world. You can be a scientist, a pilot, a dancer, or a writer. You can work with computers, plants, or people. Every job is important and can be a fun adventure.

To find the job you love, it's important to study hard in school and always be curious about the world.

What do you like to do?

What are you good at?

Discover your passion!

1

Helping People
